

Dear Parents,

We are wanting to enhance our social media outreach program, so that we can solicit more enrollee's. With this said, the best way to help reach our efforts is to be able to show them, with pictures, what a typical and non-typical day looks like here at Elite.

We are writing to you in hopes that you will allow us to use photographs of your child on our website, Facebook, Instagram, and Snapchat accounts. This is only for Elite's professional use. Please sign the permission slip and make us aware of any do not use photo policy. Please select the sites that you are comfortable with us using, along with your User ID, so we can share them with you. Please also, keep in mind that we will refrain from using your child's name in regards to the photos.
